FOR IMMEDIATE RELEASE

Piazza on West Pine Apartments Grand Opening

St. Louis, MO – The Piazza on West Pine Apartment Building hosted its Grand Opening Party on Wednesday, September 7th from 3:00-7:30pm.

The 77 unit, 1-, 2- and 3-bedroom modern apartment building, officially opened June 1st and is already 60% leased. Located on West Pine Boulevard just west of South Vandeventer Avenue, the property is less than 400 feet from the St. Louis University Campus. The controlled access building features a remarkable pool complete with cabanas, fire pits and grills, a 24-hour fitness center, pet spa and gated off street parking with garages.

Owned by West Pine Development Partners, Piazza on West Pine is unique in that it's the only apartment in its neighborhood that does not rent by the bed. "We have seen a great need in this area for luxury style apartments that not only lend themselves to many Washington University and St. Louis University graduate students, but have proven to be a great place for those employed in the area with Cortex, AB, and Boeing. We have gated, off street parking and controlled access to the building, plus the pool, cabanas and outstanding clubhouse really provide a great living experience," says owner John Rooney. The need has been so high that a second phase, which will add an additional 80 units, mostly one-bedrooms, has been scheduled for July 2017 directly across the street.

The Piazza on West Pine is leased and managed by Balke Brown Transwestern, a full-service commercial and residential real estate brokerage, management and development company. Named 2016 Property Management Company of the Year by the St. Louis Apartment Association, the firm's multi-family division focuses on creating and managing high-end, unique and inspirational places that St. Louisans are proud to call home.
